

▶ **HELP US RAISE SOME MONEY**

Bangor Savings Bank's Community Matters More program is now highlighting Maine RoboticsSM for a possible grant.

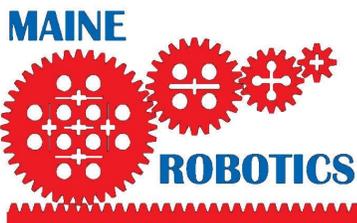

One non-profit from our part of the state will be eligible to win \$5,000 as part of the Bangor Savings Bank's Community Matters More program. All we need is to get the most number of votes compared to the others that were selected this year.

Usually we are at a real disadvantage because our Maine Robotics community is spread across the entire state. But for this program, online voting will mean we can really compete for this opportunity.

What would we do if we won this? We would continue to offer the great programs that almost 10,000 Maine students have participated in. We would continue to expand to include more areas of the State, more girls, more training for adult leaders. But we need YOUR help!

▶ **WHAT WE DO:**

- ⇒ **Work with over 1,500 youth each year**
- ⇒ **Run the FIRST® LEGO® League program in Maine**
- ⇒ **Run the Maine Robot Track Meets**
- ⇒ **Offer classroom, afterschool, and adult workshops**
- ⇒ **Run technology camps in 20 different communities across Maine each summer**

▶ **Maine RoboticsSM Needs Your Help!**

▶ **WHO CAN VOTE:**

- Any Maine resident can vote
- Any age person can vote
- You can only vote once
- Kids, parents, grandparents, teachers, friends,... everyone can vote

▶ **HOW TO VOTE:**

- **Vote online at <http://goo.gl/Q645Q8>**
- **Use the QR code below to visit the Bangor Savings Bank website and vote for us!**
- **Print out the ballot and mail it in (available on the BSB website and our website on February 1st, 2014)**
- **Visit the BSB near you and ask for a ballot**

VOTING ALL OF FEBRUARY:
So cast your vote starting
Saturday, Feb. 1st!
